

This is a simple 'pdf' file placed on our website to help our guests find Willow when she is on our 'home mooring' within the basin at the Falkirk Wheel (map & google satellite view). Scroll down to see the full document. We suggest that you print off a copy of this document to bring with you. If arriving by train at 'Falkirk High' station, let us know when booking and we will provide transfer between the station and Willow. Hope this helps - Nick.
